FIRS INLINE HOCKEY CHAMPIONSHIPS

PART I - GOVERNING AUTHORITY

Rules and regulations for conducting international Roller In-Line Hockey Championships have been established through the Committee International de Roller In-Line Hockey (CIRILH), an organization and discipline of the International Federation of Roller Sports (FIRS).

All FIRS recognized National Federations in good standing are hereby granted permission, without charge, to reproduce and distribute these rules in their own national languages as a means to promote FIRS inline roller hockey programs throughout the world. However, it must be understood that any subsequent differences or inconsistencies resulting from translation must defer for final disposition to this original English version that is the Official FIRS statements as to the Organizational and Playing Rules for the sport of international roller inline hockey.

The CIRILH Committee shall have full governing control over the Roller In-Line Hockey World Championships, which must be played in accordance with these rules, as well as all Statutes and Administrative Rules of FIRS.

PART II - GENERAL GAME REGULATIONS

1. Eligibility of Teams and Players

A. The World Inline Roller Hockey Championships are open to the National Teams of all the National Federations affiliated with the FIRS, provided that they confirm their entry prior to the closing date for entries laid down by the CIRILH and forward payment of appropriate entry fees. (See Part III, Article 1 of Org. Rules)

B. Players should normally be of the same nationality as the team for which they are playing and have a valid passport from the country represented.

C. All players must wear in-line roller skates (see Rule Sixteen), and the game will be played with a puck (See Rule Twenty). For required player protective equipment, consult Rule Eighteen

D. Junior Teams: The official CIRILH Junior Championship age level for International competitions for both male and female players is age fifteen (15) through nineteen (19)

Calculated as: Under 19 on January 1st in the year of the Championship.

E. Senior Teams: The minimum age is fourteen (14) years as calculated on January 1 of the year of the championship. This applies to both men and women teams. There is no maximum age limitation.

2. Team Size

A. At no time shall any team have more than five players on the floor during a game. To officially start the game a team must have four (4) skaters and a goalie on the floor ready to play. (See Rule Nine)

B. Team rosters will consist of a minimum of six (6) floor players and two (2) goalies and a maximum of 14 floor players and 2 goalies. Once the championship has begun, no roster substitutions or the addition of players is permitted.

3. Rink Condition

A. The World Championship will be played on a surface as close as possible to the maximum size allowed of 30X60 Meters. The ideal size is 50X25 Meters.

B. Roller in-line hockey shall be played on an appropriate surface, with markings as approved by the CIRILH.

C. There are no blue line markings required on the playing surface for roller inline hockey, where the entire floor is in play for either team, without imposition of off-side or icing penalties. (See Rule One). However, a center red line should be marked on the floor to distinguish the defensive zone and the attacking zone. (See Rules Seventy-One and Seventy-Four)

7

Update 4/7/2010 w/change highlights

4. Duration of Games

A. Regulation World Championship games will be played in two periods of twenty (20) minutes each, with a five (5) minute rest at half time.

B. Each team is granted one time out of one-minute duration per period.

C. If a tie exists at the end of single elimination competition, the outcome of the game shall be settled in periods of

sudden death overtime, consisting of ten (10) minutes each, with three minute rest periods, until the winner of the game is settled. (See Rule Seventy-Three (b) – Tied Games). Overtime periods do not apply to games tied in roundrobin matches.

5. Forfeiture

A forfeiture of a game shall be declared for the following reasons:

A. If a team when ordered to do so by the Referee, through its manager or coach, fails to go on the floor and commence play within five minutes, the game shall be forfeited.

B. At the start of a game (referee's whistle to put puck in play) a team does not have four floor players and a goalie on the floor, in full and required uniform.

C. Due to injury or illness during the game a team cannot field (when at full strength) four players and a goalie to continue this game.

D. A team may forfeit one game during the round-robin portion of the tournament without disqualification of that team for the entire tournament. If the same team forfeits a second game at a tournament, that team shall be disqualified for the remainder of all tournament games. Any single forfeiture occurring after completion of round-robin games, involving either the medal play or the placement games, will also cause a team to be disqualified for the remainder of the tournament.

E. In the event of a forfeit then the following scoring statistics shall be awarded:

i. The score of the game shall be recorded as 1 to 0, with the forfeiting team awarded a loss for the game and the opposing team shall be awarded two points (a victory for the game).

ii. The forfeiting team (loser), while still admitted to round-robin play, is penalized a minus 2 points (-2) for that game, which must be deducted from their accumulated points total for the round robin.

(See Rule Sixty-Seven)

6. Structure of World Championship Games

A. All World Championships for roller inline hockey shall begin with pool play (round-robin) in which all participating teams shall qualify for order and selection to participate in the Championship medal games. Pool play may consist of one or more groups in which every team assigned to the group plays all other teams in that group. A predetermined number of teams finishing highest in the group will go on to play in the Championship medal games and the non-qualifying teams will compete for the final places remaining.

B. The Championship medal games shall be conducted as single elimination matches, with winners advancing and the losing teams playing placement games to determine their final championship positioning. No ties are permitted in medal competitions and shall be determined by sudden death (first team to score wins) overtime periods. (See Rule 73 (b))

7. Round-robin Pool Play

The number of groups into which World Championship participating teams are divided for round-robin pool play shall be according to the chart below:

Teams

8 1 pool of 8 All 8 28 8 4 40

Update 4/7/2010 w/change highlights

8. Revised Men's Seeding of Teams into Round-robin

A. When the number of teams entered into the World Championships makes it necessary to use modified "round robin" pool play, teams will be seeded into pools based on their final placement at

the previous year's FIRS World Championships. These teams will be divided into two groups.

B. **GROUP 1** - The teams finishing 1 through 8 placements will be named to be in GROUP 1 and arranged therein by two pools of 4 each, according to serpentine positioning as shown below.

C. **GROUP 2** - The remaining teams with placements from the previous year (9th, 10th and so on) will

be situated into GROUP 2, also arranged into two pools so that each pool, as nearly as possible, has equal strength, according to the serpentine positioning shown below.

D. Teams from the previous year's World Championship that do not enter again will have their positions vacated and the serpentine will continue with those teams that have competed in both the last and current championships.

Modifications:

E. National teams that enter the World Championship that did not compete in the previous year will

be arranged in alphabetical order according to the English spelling of the country's name and added to the serpentine of GROUP 2, which continues until all teams are assigned to a pool.

F. **Exception:** should there be one or more vacancies in the 8 teams assigned to GROUP 1, created

by the absence of teams that finished in the top eight from the previous World Championship, these open positions in GROUP 1 may be filled by any national team reentering the World Championship which has finished in the top 8 placements during any of the previous World Championships. If there are more eligible teams than there are open pool positions in GROUP 1, priority will be given to that team with the highest previous placement, and if more than one team is similarly positioned, then the most recent of these shall be selected. It is anticipated that only 8 teams be positioned in GROUP 1, but the CIRILH Executive Committee is authorized to seed an entirely new team into GROUP 1, if in their judgment, such nation has the hockey tradition and player talent necessary to compete successfully at the GROUP 1 level. Teams that finished 9th or higher last year shall not be forced by vacancies into GROUP 1. Note: The purpose of setting up Groups 1 & 2 is to avoid inequality of matches and such judgments by the Executive Committee will aid in the realization of this philosophy.

G. For example, assume that 20 teams are competing. The teams would be grouped as shown after

seeding has been determined from their placement at the previous World Championship:

GROUP 1 GROUP 2

Pool A Pool B Pool C Pool D

1st 2nd 9th 10th

4th 3rd 12th 11th

5th 6th 13th 14th

8th 7th 16th 15th

A B

D C

H. **Revised Women's Seeding of Teams into Round-robin** - The Women's matches will follow the

same dual competition philosophy as the men's teams. Because of fewer teams involved, the schedule will be modified as follows: The top five (5) national teams finishing in the previous world

championships will be placed in GROUP 1, however in a single pool designated Pool A. The remaining teams from the last world championships will be positioned in GROUP 2, consisting of Pool B and possibly Pool C, depending on the number of teams entered. They will be seeded by the serpentine method. New teams will be added to the serpentine in order by the English spelling

of their country's name. This procedure should continue until such a time as the number of teams enrolled can justify use of the men's seeding procedures.

9. Round-Robin Game Scoring and Tie Breakers

A. In compiling the results of pool play, games within the pool that finish tied, shall remain tied and points for each game awarded as follows:

Two (2) points to the game winner

One (1) point for a tie game

Zero (0) points to the loser

Minus (-2) points for a forfeit

B. The resulting placement of teams within each pool shall be according to the **most number of points accumulated** in round-robin play. If after addition of points, two or more teams are determined to possess an equal amount of points during pool play, the team's position is determined as follows:

C. The **victor of the head-to-head competition** in the round-robin shall be awarded the higher

7

placement position.

D.If a tie still results, the team with the **lowest total number of goals-allowed** for the entire playoff

round shall be used to determine position for the tied teams.

E.If a tie continues, the **lowest total of goals-allowed in common wins among the tied teams**, during all games in the group competition, will determine the group positions.

F. If a tie still results, the **highest total of goals scored in common losses** among the tied teams will determine their positions.

G. If teams are tied after applying the above criteria, **a shoot-out will take place** as defined in Rule 73(c).

10.Medal Round Competition

A.**Single Elimination:** The pre-quarter finals, quarter finals, semi finals and final games of **World Championship** and **National Team World Cup** medal round competition will be conducted as single elimination matches. If a team loses a game in the pre-quarter finals and quarter final, they are eliminated from any further advancement in medal play. Ties are to be decided by sudden death overtime according to provisions of Rule 73b. The two losing teams in the semi finals will play for the Bronze Medal; and the semi-final winners play for the Gold Medal, with the loser of this match receiving the Silver Medal.

B.Medal Competition - Quarter Final teams selection from Four Pools:

Men's World Championships – In GROUP 1, the highest finishing three (3) teams from each of the two Pools A & B will advance to the quarter finals, a sum of six (6) from GROUP 1.

There will be an addition of one (1) team from each of the two C and D pools in GROUP 2, making the total Quarter Final entry eight (8) teams. These teams will be placed in the quarter finals bracket according to the seeding determined by round-robin play, with placements in GROUP 1 considered superior to GROUP 2. The first place finisher plays the last qualifying place, and so on through the remaining qualifiers, matching first place in one pool with last place in the other.

Men's National Team World Cup – The teams eliminated from GROUP 1 World Championship medal play, will join as top seeds with the highest finishing three (3) teams remaining in each of pools C & D in GROUP 2 for a total of eight (8) teams, which will comprise the National Team World Cup Quarter Finals in single elimination competition. These teams will be placed in the quarter finals bracket according to the seeding determined by round-robin play, with placements in GROUP 1 considered superior to GROUP 2. The highest place team will be paired with the last qualifying place, and so on through the remaining qualifiers, matching top place in one pool with last place in the other. Should more than 8 teams remain, before beginning the National Team World Cup, the surplus teams over 8 shall leave the competition and enter placement games to determine their final World Championship position.

C.Women's World Championships - – In GROUP 1, the highest finishing four (4) teams from Pool A will advance to the quarter finals. There will be an addition of four (4) teams from Group 2 - two (2) teams from each of the two B and C pools in GROUP 2, making the total Quarter Final entry eight (8) teams. These teams will be placed in the quarter finals bracket according to the seeding determined by round-robin play, with placements in GROUP 1 considered superior to GROUP 2. The first place finisher plays the last qualifying place, and so on through the remaining qualifiers, matching first place in one pool with last place in the other.

Women's National Team World Cup – The team eliminated from GROUP 1 World Championship medal play, will join as top seed with the highest teams remaining in each of pools B & C in GROUP 2. This will comprise the competition for National Team World Cup Quarter Finals in single elimination competition. The highest place team will be paired with the last qualifying place, and so on through the remaining qualifiers, matching top place in one pool with last place in the other. Should more than 8 teams remain, before beginning the National Team World Cup, the surplus teams over 8 shall leave the competition and enter placement games to determine their final Championship position.

11.Placement Games for World Championships Final Position

8

Those teams not continuing to advance in medal competition, or after a loss in single elimination competition, will play additional matches to determine their overall Championship positions. These games will take place in increments of 2, 3 or 4 team units based upon the number of teams of similar status. The placement games will determine their ultimate position within their selected group strata. The losers of these four team match-ups play for the lower of the open placements and the winners for the two higher positions. In a three team match, each team will play the other in a mini-round robin to fill these open positions. This procedure of layered competition will be repeated until all teams from the round-robin that are no longer competing for championship medals have been placed

.8. Seeding of Teams

A. When the total team entry shall make it necessary to use a modified "round robin", teams will be seeded into two or more groups so that each group has "equal" strength which is based on their final placement at the previous year's World Championships. The teams will be assigned to groups arranged according to serpentine positioning as shown below. When a team from the previous year's World Championship does not participate, their position is closed up and the serpentine continues with those teams that have competed in both championships.

B. The National Teams that did not compete in the previous World Championships will be arranged in alphabetical order according to the English spelling of the country's name and added to the serpentine, which continues until all teams are assigned to a group. For example, assume that 18 teams are competing. The teams would be grouped as shown after seeding has been determined:

Group 1 Group 2 Group 3

1st 2nd 3rd

6th 5th 4th

7th 8th 9th

A 11th 10th

9. Round-Robin Game Scoring and Tie Breakers

A. In compiling the results of pool play, games within the pool that finish tied, shall remain tied and points for each game awarded as follows:

Two (2) points to the game winner

One (1) point for a tie game

Zero (0) points to the loser

Minus (-2) points for a forfeit

B. The placement of teams within each pool shall be according to the most number of points accumulated in round-robin play. If after addition of points, two or more teams are determined to possess an equal amount of points during pool play, the team's position is determined as follows:

C. The victor of the head-to-head competition in the round-robin shall be awarded the higher placement position.

D. If a tie still results, the team with the lowest total number of goals-allowed for the entire play-off round shall be used to determine position for the tied teams. "Tie Breakers. The following rules are fundamentally written for two-team ties.

In the event of three or more ties needing resolutions, this tie breaking procedure should be applied in the order presented until one or more of the tied teams are eliminated from contention for the highest open placement, and then the two or more teams remaining tied will be subject again to a new application of the tie breaking rules, beginning at the top of the order with B. head-to-head competition, whereby the process will continue until a single team remains for placement.

E. If a tie remains, the lowest total of goals-allowed in common wins among the tied teams, during all games in the group competition, will determine the group positions.

F. If a tie still results, the highest total of goals scored in common losses among the tied teams will determine their positions.

G. If teams are tied after applying the above criteria, a shoot-out will take place as defined in Rule 73(c).

10. Medal Round Competition

A. **Single Elimination:** The pre-quarter finals (if required), quarter finals, semi finals and final games of medal round competition will be conducted as single elimination matches. If a team loses a game in the pre-quarter finals or quarter finals, they are eliminated from any further advancement in Medal Play. Ties are to be decided by sudden death overtime according to provisions of Rule 73b. The two semi finals losing teams will play for the Bronze Medal; and the semi-final winners play for the Gold Medal, with the loser of this match receiving the Silver Medal.

Update4/7/2010 w/change highlights

B. Direct to Quarter Finals from One or Two Pools: When championship play consists of 16 or fewer teams, the top eight teams will be placed in the quarter finals bracket according to the seeding determined by round-robin play. With single pool round-robin play, the first place finisher plays the last qualifying place, and so on through the remaining qualifiers. When round-robin play consists of two pools, the top seed in pool A will play the bottom qualifying seed in pool B, and so on, matching first place in one pool with last place in the other.

C. Structure of Pre-Quarter Finals from Three Pools: When championship round-robin play consists of 3 pools, 12 teams qualify and pre-quarter finals are required. The winning team from each of the 3 pools will receive a bye into the quarter-finals. The 4th bye will be awarded to that team placing 2nd in its pool with: a) The best percentage of points earned divided by maximum points possible. If a tie exists between pools, b) The second place team with the lowest average of goals-allowed per game in round-robin play shall draw the bye. c) Should a tie still remain, a shoot out will be held among all remaining 2nd place round-robin teams that are tied for receipt of this bye. The remaining 8 qualifying teams will be seeded according to their respective placements into the pre-quarter final round, with the winners of each match advancing to face one of the 4 teams receiving the byes. Where possible, rematches of round-robin pool opponents will be avoided in pre-quarter final and quarter final matches.

D. Structure of Pre-Quarter Finals from Four Pools: When championship round-robin play consists of 4 pools, prequarter finals are required. The 3 highest placements in each of the 4 pools will advance to medal play. The winning team from each of the 4 pools will receive a bye into the quarter-finals. The remaining 8 qualifying teams will be seeded into the pre-quarter final round, with the winners of each match advancing to face one of the 4 teams receiving the byes.

11. Placement Games for World Championships

Those teams not advancing to compete in medal competition from the preliminary pool play will play additional matches to determine their overall Championship positions. These games will take place in increments of 2, 3 or 4 team units based upon

their equivalent round-robin group rankings. The placement games will determine their ultimate position within their selected

group strata. Where there were two groups in the round robin, a four team match is possible which pits the higher placement

team against the next lower placement team from the other group. The losers of these four team match-ups play for the lower

of the open placements and the winners for the two higher positions. In a three team match, each team will play the other in a

mini-round robin to fill these open positions. This procedure of layered competition will be repeated until all teams from the round-robin that are no longer competing for championship medals have been placed

12. Game Officials

A. There will be two referees used in each game at the World Championship. They will share responsibilities; however, the first one listed on the game sheet will be designated Chief Referee to be final authority on violations that may involve controversy among officials. Other required officials include a time keeper, scorekeeper and a penalty box attendant that will be responsible for notifying the players of the expiration of their penalty time.

B. CHIEF REFEREE - A certified CIRILH "A" International Referee, who shall be in complete charge of the game, players, all other officials, spectators and venue, responsible only to the jurisdictional authority of the CIRILH Committee. The Chief Referee's game decisions shall be final.

C. REFEREE - A certified CIRILH International Referee appointed to assist the Chief Referee.

D. GOAL JUDGE - Shall indicate when a goal is scored and carry out any other duties as assigned by the Chief Referee. This official is optional and such use during medal round matches shall be determined by the CIRILH.

13. Protests

A. A protest made to the referee will not be valid unless made on the rink by the captain of the protesting team, and the referee will immediately inform the captain of the opposing team. Once the referee in charge of the match has ruled on an incident occurring during the course of play, this decision will stand unless an official letter of protest seeking to overturn this ruling is filed with the President of the CIRILH, along with a protest fee of \$US100 \$US200 (or the equivalent in some other currency). The CIRILH will then investigate the protest. If it is upheld, the fee will be returned in full to the complainant. However, should the CIRILH determine the protest to be unjustified, the complainant will forfeit the fee.

B. In the case of administrative protests (bad condition of the rink, player's equipment, unqualified players, etc.), only those made to the referee BEFORE the start of a match are valid. The referee will then advise the captains of both teams that the match is being played under protest. All protests must be confirmed by official letter addressed to the CIRILH President, accompanied by the necessary fee, within one and a half (1-1/2) hours of the end of the game. When sufficient time exists prior to the start of a game for settlement of such administrative protests, these will then become under the immediate jurisdiction of the CIRILH.

C. Each participating federation has the right to lodge protests against any incidents (arbitrary or otherwise) which may arise during the course of the Championships. For a protest to be valid, it must be written and presented to the President of the CIRILH or his legal representative, not later than three (3) hours after the incident.

D. All appeals (described in A. above) of the referee's decision must be filed in writing and submitted no later than three hours after the incident to a member of the CIRILH Executive Committee, along with an appeal fee of \$US100. See Article 24 of the Organizational General Rules.

PART III - RULES OF THE GAME - SECTION I

RULE ONE - RINK

- a) Roller in-line hockey shall be played on sport tile, wood, asphalt or cement or any appropriate surface approved by the CIRILH.
- b) The rink shall be marked according to the diagram included with these rules taking into consideration the exact dimensions indicated herein. A center red line should be marked on the floor to distinguish the defending zone and the attacking zone.
- c) Dimensions of the rink surface may vary between 20 and 30 meters in width (65 to 100 feet) and 40 and 60 meters in length (130 to 200 feet). As much as possible, an attempt should be made to maintain a width versus length of rink ratio of 1:2. The ideal size is 50X25 meters.
- d) The World Championship and International events will be played on a surface with a minimum size of 50X25 meters. The Continental events can be played on a surface with a minimum size of 44X22 meters. The rink shall be surrounded by a wood or fiberglass wall (boards) that extend above the rink surface from 40 to 48 inches (101 to 122 cm), with the ideal height being 42 inches or 106.7 cm. The barrier shall have rounded corners of a radius of approximately 20 feet (6 meters) to facilitate keeping the puck in play.
- e) It is recognized that rinks of the size used at World Championships may not be available for all games within the jurisdiction of a National Federation, therefore, in such instances, variations in the marking of goal lines and face-off circles are authorized, which should be proportionate to the overall size of the playing surface. If such a rink will be used as venue for an international competition, in fairness to the participants, its dimensions must be included with the information sent out to invited national federations.

RULE TWO - GOAL CAGES

- a) The goal cage consists of an iron pipe cage with a rectangular face opening with inside dimension height of 105 cm (41") and inside width of 170 cm (67") as shown in the inset diagram.
- b) The front or facing frame must be made with iron galvanized pipe of 3-inch or 7.6 cm diameter. The top and base supports and the back brace shall consist of iron pipe 2-inches or 5 cm diameter. The bottom or supporting base of the goal cage shall extend in depth to 43 inches or 109 cm outside dimensions from the face of cage to the center of the back arc. The top supporting frame shall be 29 inches or 74 cm in outside depth dimensions. A two inch (5 cm) supporting brace at the back center of the cage shall connect the top and bottom frames. The top, posts and internal face of the goal cage must be covered with very resistant netting, which has yarn dense enough to resist the strongest shots, and closely woven so as not to permit through passage of the puck. Metallic netting will not be allowed.
- c) A drop net must be suspended from the near inside top of the cage with a depth of 45 cms measured from the top cross bar of the goal. This cotton netting, thinner than the outside (external) one, has a maximum width of 180 cms and height of 110 cms, must be suspended inside the cage to prevent the puck rebounding from the inside of the goal. This net must be white in color and should be attached at the top only, allowing it to hang freely to the ground parallel to the posts of the cage. The posts and front bar must be painted in a fluorescent red or orange color while all other framing parts should be painted in white. It is required that the bottom rail of the goal cage and the back center brace be padded to resist having the puck bounce back out of the cage after a hard shot. If regular FIRS ball hockey goal cages are being used, the "kick" ramp across the bottom of the cage must be removed.
- d) The goal cages are placed opposite at each end of the rink with the openings facing each other. The distance from the goal line to the extreme end of the rink is 15 feet or 4.5 meters

Goalkeeper's Privileged
Area

RULE THREE - GOAL CREASE

- a) In front of each goal, a "Goal Crease" area shall be marked by a red line 7.6 cm (3 inches) wide. (See Rule 51 (a)).
 - b) This line shall extend at a right angle from a point on the goal line, 30 cm (1 foot) from the outside of each goal post for a distance of 1.2m (4 feet). A line parallel to the goal line shall join the ends of these two lines. It shall be understood that the area covered by the goal crease on the floor shall extend to all the space above the crease.
- Note: The goal keepers privileged area shall be defined as the area that extends between the end zone face off spots and back to the goal lines. Refer to the rink diagram. The goal keeper shall be allowed to freeze the puck provided part of his body is in the privileged area.

RULE FOUR - FACE-OFF SPOTS

- a) One face-off spot, nine inches in diameter 9 inch (22.5 cm) shall be placed at the exact center of the floor, surrounded by a 15 feet radius circle (4.6 meters). (The game will be started with a Face-Off from this spot, as will the beginning of the second half of the game, after each scored goal and before sudden death play-offs.
- b) In each end zone, two 9 inch face off spots will be placed, located 20 feet (6 meters) out from each goal line and 22 feet (6.7 meters) from the exact center of the rink's width, along an imaginary line parallel to the goal line. This would make the spots 44 feet (13.4 meters) apart from each other. A fifteen feet (4.6 meters) radius circle shall be drawn around each spot.
- c) The rink will be marked with a total of five (5) face-off positions.

RULE FIVE - PLAYER BENCHES

- a) Each rink should have seats or a bench for the use of each team, to be known as the "Player Benches." Each player bench shall accommodate at least sixteen (16) persons and shall be placed immediately alongside the playing surface as near as possible to the center of the rink and convenient to the dressing rooms.
- b) The two teams will start at the opposite end zone of their respective player's bench and will not change benches at the end of every period.
- c) Only players in uniform, the manager, coach and trainers shall be permitted to occupy the player benches.
- d) During the game, coaches, managers and trainers shall be restricted to the use of the area the length of the player's benches, including their team gate. Penalty for violation of this rule is a Bench Minor Penalty.

RULE SIX - PENALTY BENCH

- a) Each rink will have seats or benches to be known as the "Penalty Bench." It is to be used for the seating of penalized players, Penalty Time-keeper, Game Time-keeper and Official Scorer. The penalty bench should be located a substantial distance from the player benches.

RULE SEVEN - REFEREE'S CREASE

- a) A line in the shape of a semi-circle and with a 10 feet (3m) radius shall be marked on the floor immediately in front of the Penalty Time-keeper's bench. Players are restricted from entering this area during stoppage of play without permission from the referee.

RULE EIGHT - SIGNAL AND TIMING DEVICE

- a) Each rink must have a suitable sound device to be used by the Game Time-keeper. An electric timing device shall be provided for the purpose of keeping participants informed as to the various timed elements of the game. The timing display shall indicate the time remaining to be played and penalty time to be served.

- a) A team on the floor shall not consist of more than four floor players and one goalie.
- b) Each player and each goalkeeper listed in the line-up of each team shall wear an individual identifying number at least 20 to 25 cm (8 to 10 inches) high on the back of the jersey.
- c) Team rosters will consist of a minimum of six (6) floor players and two (2) goalies and a maximum of 14 floor players and 2 goalies. Once the championship has begun, no roster substitutions or the addition of players is permitted.
- d) In acknowledgement to the preceding minimum roster requirements, a game nevertheless shall not be forfeit or a team disqualified, unless the team falls below the size causing forfeiture as contained in Rules 12 (b) and 67 (c).

RULE TEN - TEAM CAPTAIN

- a) One Captain shall be appointed by each team, and that player alone shall have the privilege of discussing with the referee any question relating to interpretation of rules which may arise during the progress of a game. The Captain shall wear the letter "C," approximately 3 inches in height and in contrasting color, in a conspicuous position on the front of the jersey.
- b) Each team should have a Captain on the floor at all times. If a Permanent Captain is not on the floor, Alternate Captains (not more than three) shall be accorded the privileges of the Captain. Alternate Captains shall wear the letter "A," approximately 3 inches in height and in a contrasting color, in a conspicuous place on the front of their jerseys.
- c) The referee or official scorer shall be advised prior to the start of each game, the name of the Captain of the team, also the identity of the players who will serve as Alternate Captains when the Permanent Captain is off the floor.
- d) No goalkeeper shall be entitled to exercise the privileges of Captain or Alternate Captain on the floor.
- e) Only the Captain or Alternate Captain on the floor at the time of the stoppage of play (but not both) shall have the privilege of discussing with the Referee any point relating to the interpretation of rules. Any Captain, Alternate Captain or player who comes off the bench and makes any protest or intervention with the Referee for any purpose must be assessed a misconduct penalty.
- f) The team captain and/or the team coach must sign all score sheets after each game, along with the game referees to verify the accuracy of the tally.
- g) A complaint about a penalty is not a matter relating to the "Interpretation of the Rules" and a misconduct penalty shall be imposed against any Captain, Alternate Captain or other players making such a complaint.

RULE ELEVEN - UNIFORMED PLAYERS

- a) At the beginning of each game the manager or coach of each team shall list the players and goalkeepers who shall be eligible to play in the game.
- b) A list of the names and numbers of eligible players entered into that game must be handed to the Referee or Official Scorer before the start of the game. These players names must be contained on the original team roster submitted at the beginning of the World Championship. No change in the game list or additions thereto shall be permitted after the commencement of the game except when a goalkeeper has been injured or becomes ill. The name of another goalkeeper may be designated on the list in substitution for the injured or ill goalkeeper, however, such substitution can only be made by a player already on the list.
- c) Each team shall be allowed one goalkeeper on the floor at one time. The goalkeeper may be removed and another "player" substituted. Such substitute shall not be permitted the privileges of the goalkeeper.
- d) Any substitute goalkeeper entering the game for any reason shall not be permitted a warm-up.

RULE TWELVE - STARTING LINE-UP

- a) Prior to the start of the game, the manager or coach of each team is required to name the starting line-up to the Referee or the Official Scorer.
- b) To start a game a team must have a goalie and four skaters on the floor at the referee's whistle to start the game. If this requirement cannot be met then a forfeit shall be declared by the referee against the team not able to field a goalie and four skaters.

RULE THIRTEEN - CHANGE OF PLAYERS

- a) When play is in progress, not more than five players (including a goaltender) are permitted on the playing surface at any one time.
- b) Players may be substituted at any time from the player benches, provided that the player or players leaving the surface shall be within 3m (10') of their player's bench before any change is made.
- c) Players on the penalty bench, who are to be substituted after the penalty has expired, must proceed by the way of the playing surface and be at their own player's bench before any substitution can be made.
- d) A team shall be required to place the correct number of players on the surface when requested to do so by the referee. The visiting team must be first to place any playing line-up on the surface to commence play at all times. Each team is allowed only one change of players during a stoppage of the play.
- e) If in the course of making a substitution, either the player entering the game or leaving the game intentionally plays the puck with their stick, skates or hands or makes physical contact with an opposing player while the player (either leaving or entering the game) is actually on the surface, then a Minor Penalty for "too many players" on the surface" shall be assessed. However, in the course of leaving or entering the game, the player is accidentally struck by the puck, no penalty shall be assessed and play shall not be stopped.

15

Update 4/7/2010 w/change highlights

- f) When a goaltender leaves the goal area and proceeds to the player's bench for substitution, this must be done within 3m (10') of the bench area before the substitute may enter the game. If the team substituting has possession of the puck and the substitution is made prematurely, the official shall stop play immediately and a face-off will take place at either the center face-off spot or end zone face-off spot (whichever location gives advantage to the non-offending team). If the team does not have possession of the puck and makes an illegal substitution, the referee shall assess a Minor Penalty.
 - g) For player changes during stoppages of play, the referee conducting the face-off will assume the referee's normal position for the ensuing face-off. The referee not conducting the face off shall allow a five second interval during which the visiting team may make a change of players. After this five second interval has elapsed, the referee not conducting the face off shall raise an arm to indicate that the visiting team may no longer change any players. With the arm still raised, the referee shall allow the home team the opportunity to make a change of players (if they have not already done so). After another five seconds time interval, the referee not conducting the face off shall drop the arm. This will indicate that the home team may no longer change any player(s). The referee at the face off location shall blow the whistle and within five seconds drop the puck. When a team attempts to make a player change after the allotted time intervals, the referee shall send the player(s) back to their bench. Any subsequent infraction of this procedure shall result in a Bench Minor Penalty.
- NOTE: A change of players shall include one to all four skaters on a stoppage of play. Once a team has used its allotted time for their change they shall not be entitled to make additional changes.
- h) If in the last two minutes of regular playing time or any overtime a Bench Minor Penalty is imposed for DELIBERATE illegal substitution by the defending team, which provided them more men on the floor, a Penalty Shot shall be awarded to the non-offending team. The Bench Minor Penalty shall not be served.
 - i) A Bench Minor Penalty shall be assessed for violation of any section of Rule 13. The penalty shall be served by that player who committed the infraction.

RULE FOURTEEN - INJURED PLAYERS

- a) When a player, other than a goalkeeper is injured or compelled to leave the floor during a game, the player may retire from the game and be replaced by a substitute, but play must continue without the teams leaving the floor.
- b) If a goalkeeper sustains an injury or becomes ill, the goalie must be ready to resume play immediately or be replaced by a substitute goalkeeper and NO additional time shall be allowed by the Referee for the purpose of enabling the injured or ill goalkeeper to resume position. No warm-up shall be given to the replacement goaltender. (See also item (d) below.)
- c) The Referee shall report to the CIRILH Committee, for possible disciplinary action, any delay in making a goalkeeper substitution. The substitute goalkeeper shall be subject to the regular rules governing goalkeepers and shall be entitled to the same privileges.
- d) When a substitution for the regular goalkeeper has been made, such regular goalkeeper shall not return to the game until the first stoppage of play thereafter.
- e) If an injured player receives a minor penalty the penalized team shall place a substitute player on the penalty bench before the penalty expires and no other replacement for the penalized player shall be permitted to enter the game except from the penalty bench. For violation of this rule a Bench Minor Penalty shall be imposed. The penalized player who has been replaced on the penalty bench shall not be eligible to play until that penalty has expired.
- f) When a player is injured so that the skater cannot continue play or go to the team bench, the play shall not be stopped until the injured player's team has secured possession of the puck. If the player's team is in possession of the puck at the time of injury, play shall be stopped immediately, unless the injured player's team is in a scoring position.
- g) A player other than the goalkeeper whose injury appears serious enough to warrant a stoppage of play may not participate further in the game until the completion of the ensuing face-off.

NOTE: In a case where it is obvious that a player has sustained a serious injury the referee may stop the play immediately regardless of who is in possession of the puck.

SECTION III

RULE FIFTEEN - STICKS

- a) The sticks shall be ice inline hockey-style made of wood or other approved material and must not have any projections.
Adhesive tape of any color may be wrapped around the blade for the purpose of reinforcement or to improve control of the puck.
- b) No stick shall exceed 1.5m (60") in length from the heel to the end of the shaft, nor be more than 32 cm (12.5") from the heel to the end of the blade. The curvature of the blade of the stick shall not be restricted. The blade of the floor players' stick must be a minimum of 5 cm and may not exceed 9 cm in width at any point.
- c) The blade of the goalkeeper's stick may not exceed 13 cm in width at any point except at the heel where it must not exceed 14 cm in width; nor shall the goalkeeper's stick exceed 39 cm in length from the heel to the end of the blade. The widened portion of the goalkeeper's stick extending up the shaft of the blade shall not extend more than 61 cm from the heel and shall not exceed 13 cm in width.
- d) A minor penalty shall be assessed any player, including the goalkeeper, for using a stick which does not conform to the provisions of this rule.

RULE SIXTEEN - SKATES

- a) Skates to be used will be in-line skates only and may consist of either three or four wheels for floor players. Goalies may, as an option, use five wheel inline skates with smaller wheels, provided that all wheels are contained beneath the goalie boot and do not protrude either front or back. If skates are manufactured for a specific number of wheels, all wheels must be in place. All wheel bolts and axles must be recessed and even with the frame or covered with protective material so as not to injure other players or mar the skating surface. No quad or conventional skates will be permitted in World Championship play, although individual federations may allow the use of quad or conventional skates for domestic play.
- b) Any player taking the surface in violation of the above rule will receive a minor penalty and may not return to play until the fault is corrected.

RULE SEVENTEEN - GOALKEEPER'S EQUIPMENT

- a) With the exception of skates and sticks, all equipment worn by the goalkeeper must be constructed solely for the protection of the head or body, and must not include any garment or contrivance which would give the goalkeeper undue assistance in keeping goal.

NOTE: The lacing or webbing or other material joining the thumb and index finger of the goalkeeper's glove or any cage, pocket or pouch created by this material, must not exceed the minimum amount of material necessary to fill the gap between the thumb and the index finger when they are fully extended and spread.

1. Protective padding attached to the back of, or forming part of, the goalkeeper's gloves shall not exceed 20 cm in width nor 40 cm in length.
 2. Abdominal aprons extending down the thighs or the outside of the pants are prohibited.
- b) Goalkeeper's pads when new shall not exceed 30 cm in extreme width as measured on the goalkeeper, and shall not be altered in any way.
- c) A minor penalty shall be assessed a goalkeeper guilty of using or wearing illegal equipment. (Refer to Rule 24).
- d) All equipment, with the exception of puck and skates will be regulation ice hockey equipment.
- e) All goalkeepers will be required to wear HECC/CSA approved face masks.

RULE EIGHTEEN - PROTECTIVE EQUIPMENT

- a) All protective equipment except gloves, head gear or goalkeeper leg pad, must be entirely under the uniform. Leather elbow patches on the outside of the jersey are prohibited. After one warning by the Referee, a minor penalty shall be imposed on the offending player for violation of this rule.

- b) All players must wear HECC/CSA/CE-approved helmets, with a chin strap properly fastened. Full-face protection must be attached to the helmet for all Junior Team players and for everyone playing the Senior Championships that is under the age of nineteen (19) eighteen (18) years. This regulation applies to both men and women players. Those players who are over the age of 19 18 have the option of using this protection, the absence of a face shield to be taken at their own risk.

Note: If a goal keepers helmet comes off during the play the referee shall stop play immediately. No penalty shall be assessed unless the referee determines that the goal keeper deliberately took his helmet off to stop the play. A minor penalty shall be assessed unless the criteria for a penalty shot shall be met. If any other goalkeepers equipment shall come off during the play the referee shall allow the play to continue.

- c) It is compulsory for all goalkeepers to wear approved HECC/CSA/CE face masks.
- d) All players must wear approved hockey gloves.
- e) All players must wear shin guards and elbow pads. Male players must wear protective cup at all times during the game. Female players/goalkeepers must wear pelvic protective equipment at all times during the game.
- f) A mouth guard is optional, but recommended.
- g) Eyeglass wearers must have plastic, not glass, lenses in their eyewear.
- h) A minor penalty may be assessed for a violation of protective equipment.

RULE NINETEEN - DANGEROUS EQUIPMENT

- a) The use of pads or protectors made of metal or any other material likely to cause injury to a player is prohibited.
NOTE: All elbow pads which do not have a soft protective covering of sponge rubber or a similar material at least

12.5mm (1/2") thick shall be considered dangerous equipment.

b) A glove from which all or part of the palm has been removed or cut to permit the use of bare fingers shall be considered illegal equipment and if any player wears such a glove in play a minor penalty shall be imposed on that player.

c) Any player wearing a protective device from a physician must have the permission of the CIRILH prior to playing.

RULE TWENTY – PUCK

a) The puck shall be the puck approved by the CIRILH Committee. The home team or host shall be responsible for providing an adequate supply of official pucks. This supply of pucks shall be kept at the penalty bench under the control of one of the regular minor officials or a special attendant.

RULE TWENTY-ONE – UNIFORMS

a) Uniforms will require identical long-sleeve shirts and full-length pants. Goalie jerseys will be the same color and design as other team members. Player numbers will be required only on the backs of the jerseys with whole numbers only from 00 to 99 and 20 -25 cm (8-10") in height.

b) The goalkeeper if male must at all times during the game wear a protective cup and pelvic protection if female, a chest protector which conforms to the body, regulation goalkeeper's gloves (ice hockey, non-modified, goalkeeper's pads not exceeding 30 cm in width, and a face mask or helmet with face guard attached). If the goalkeeper wears forearm guards they must be soft and pliable and conform to the player's forearms. Any regulation ice hockey equipment is acceptable.

c) All players participating in contests will be uniformed and have two jerseys of different colors. Full-length pants are required.

d) No two members of the same team will be assigned or permitted to wear the same number. Individual player's numbers may not be changed or substituted after the preliminary team registration without the written approval of the CIRILH Committee. One team Captain and three Alternate Captains shall have a small "C" or "A" on the right shoulder of their jersey.

e) It will be the responsibility of the home team to change its jerseys if the colors of the competing teams conflict. The decision in this matter shall be left to the Referee in charge of the game. The home team is to wear a predominately light colored jersey.

f) The entire team uniform: "jersey and pants" must match for each player in style and color.

RULE TWENTY-TWO - UNIFORM INSPECTION

a) The officials in charge of the game shall perform equipment inspection prior to the start of the game. No penalty shall be charged to a player before the start of the game for wearing equipment not in conformity with the rules. Wearing of illegal or dangerous equipment after the start of the game shall be corrected according to the rules.

Update 4/7/2010 w/change highlights

SECTION IV

RULE TWENTY-THREE – PENALTIES

a) Penalties shall be actual playing time and shall be divided into the following classes:

- 1) Minor Penalties
- 2) Bench Minor Penalties
- 3) Major Penalties
- 4) Misconduct Penalties
- 5) Match Penalties
- 6) Game Misconduct Penalties
- 7) Penalty Shot

NOTE: In CIRILH In-line Roller Hockey Rules of the Game the skating surface is not divided into zones marked by blue lines.

Therefore, no penalties or play interruptions exist in these rules pertaining to shots crossing multiple zones or players being

"off-sides," other than the required team line-up on face-offs as denoted in Rule 48.

b) Coincidental Minor/Major Penalties are penalties that do not cause either team to be shorthanded (i.e. 4 on 4 or 3 on 3), and occurs when player(s) from both teams simultaneously receive equal length penalties. When coincident penalties are assessed, the penalized players take their places on their respective penalty benches, and both teams are able to make immediate substitutions for these penalized players. The penalized players are required to serve the full amount of assessed time and must remain in the penalty box until the first stoppage of play after the expiration of time. If one team is already short a player because of an earlier penalty, coincidental penalties will not change the number of players on the floor.

c) Players may not leave the penalty bench until their penalty has expired, half-time occurs or the end of the game. The player may not leave for any other reason. Any overtime period shall be considered part of the game and all unexpired penalties shall remain in force. All players in the penalty box must remain seated until the penalty time is expired.

NOTE: When play is not actually in progress and an offense is committed by any player, the same penalty shall apply as though play were actually in progress.

d) When a penalized player's time has expired or been terminated by the scoring of a goal, that player must return to the surface prior to being substituted.

RULE TWENTY-FOUR - MINOR PENALTIES

a) For a "Minor Penalty," any player, other than a goalkeeper, shall be ruled off the floor to the penalty box for two minutes during which time no substitute shall be permitted. For an exception, see Coincident Penalty above. On the

third (3rd) penalty in the same game to the same player, including the goal keeper, that player will be assessed an additional ten (10) minute misconduct penalty.

(NOTE: the player will have a substitute serve the time penalty and the penalized player will serve the entire penalty. Any subsequent penalty incurred within the game will result in that player being assessed a Game Ejection penalty.)

b) A "Bench Minor" penalty involves the removal from the floor of one player of the team against which the penalty is awarded for a period of two minutes. Any player on the team may be designated to serve the penalty by the manager or coach through the playing Captain and such player shall take a place on the penalty bench promptly and serve the penalty as if it was a minor penalty imposed upon that player.

c) If while a team is "short-handed" by one or more minor or bench minor penalties the opposing team scores a goal, the first of such penalties shall automatically terminate. Penalties shall not reduce the on-surface strength of the teams below three on-surface players (including the goalkeeper). Such penalties shall become delayed until such time as they can be served.

NOTE: "Short-handed" means that the team must be below the numerical strength of its opponents on the floor at the time the goal is scored. The minor or bench minor penalty which terminates automatically when the team is scored against is the one which initially caused the team to be "short-handed" (first penalty). However, coincident minor penalties to both teams do NOT cause either side to be "short-handed," because although each team has a player in the penalty box, the number of floor players is not affected. Therefore, the penalty time awarded for coincidental penalties is never shortened by a goal being scored. This rule shall also apply when a goal is scored on a penalty shot, which was awarded in lieu of another penalty.

d) When a player receives a major penalty and a minor penalty at the same time, the major penalty shall be served first by the penalized player except under Rule 30 in which case the minor penalty will be recorded and served first.

NOTE: This applies to the case where BOTH penalties are imposed on the SAME player. (See also note to Rule 30) Delete section (e)

19

Update 4/7/2010 w/change highlights

RULE TWENTY-FIVE - MAJOR PENALTIES

a) For the first "Major Penalty" in any one game, the offender, except the goalkeeper, shall be ruled off the floor to the penalty box for five minutes, during which time no substitutes shall be permitted. A goal scored does not terminate this penalty.

b) For the second major penalty in the same game, to the same player, including the goalkeeper, the player shall receive a five minute major penalty and an automatic game misconduct. One player from the offending team must be placed in the penalty box to serve the five minutes major.

c) When coincident major penalties are imposed against an equal number of players on each team, the penalized players shall all take their places on the penalty benches and such penalized players shall not leave the penalty bench until the first stoppage of play following the expiration of their respective penalties. Immediate substitutions shall be made for the players so penalized, and their penalties shall not be taken into account for the purpose of the delayed penalty, Rule 30.

d) When coincident penalties of equal duration including a major penalty are imposed upon a player of each team, the penalized players shall take their places on the penalty bench and such players shall not leave the penalty bench until the first stoppage of play following the expiration of their respective penalties. Immediate substitution shall be made for the players so penalized and their penalties shall not be taken into account for the purpose of the delayed penalty, Rule 30 or Rule 27.

e) When team, the penalized players shall take their places on the penalty bench and such players shall not leave the penalty bench until the first stoppage of play following the expiration of their respective penalties.

The penalties which created the disparity in total penalty time between the players penalized shall be served first in the normal way by the players penalized. Immediate substitution shall be permitted for the major penalties of each player. Account shall be taken of the penalties which create the disparity in the total penalty time awarded to the players affected or for the purpose of the delayed penalty, Rule 30 and for Rule 24 (c) (goal scored against a shorthanded team).

RULE TWENTY-SIX - MISCONDUCT PENALTIES

a) "Misconduct Penalties" to all players except the goalkeeper, involve removal from the game for a period of ten minutes each. A substitute player is permitted to immediately replace a player serving a misconduct penalty. A player whose misconduct penalty has expired shall remain in the penalty box until the next stoppage of play.

When a player receives a minor penalty and a misconduct penalty at the same time, the penalized team shall immediately put a substitute player on the penalty bench and the substitute shall serve the minor penalty without charge. The misconduct penalty will start when the minor penalty has ended.

When a player receives a major penalty and a misconduct penalty at the same time, the penalized team shall place a substitute player on the penalty bench and no replacement for the penalized player shall be permitted to enter the game except from the penalty bench. Any violation of this provision shall be treated as an illegal substitution under Rule 13 calling for a bench minor penalty. When any player or goaltender receives a second misconduct penalty in the same game that player or goaltender shall also be assessed an additional game misconduct penalty

b) A "Game Misconduct Penalty" involves the removal of a player for the balance of the game. A substitute is permitted to replace the removed player. This penalty shall be reported to the CIRILH Committee which shall have full power to impose further discipline as deemed fitting.

c) A Game Misconduct to a player shall result in an automatic one game suspension (immediate next game).

d) A second Game Misconduct to a player in the tournament shall result in an automatic match penalty.

NOTE: For all Game Misconduct penalties regardless of when imposed, a total of ten minutes shall be charged in the records against the offending players. Tracking of Game Misconduct penalties shall be the responsibility of the tournament organization.

NOTE: A deflection off the goaltender resulting in the puck entering the net shall constitute a goal.

NOTE: If the goalkeeper leaves the goal crease prior to the player touching the puck at center and the player does not score on the penalty shot, the player will re-take the penalty shot.

b) The goalkeeper may attempt to stop the shot in any manner except by throwing a stick or any other object, in which case a goal shall be awarded. NOTE: See Rule 71.

In cases where a penalty shot has been awarded under Rule 49 (falling on the puck in the crease), or Rule 53 (d) (picking up the puck from the crease area), the penalty shot shall be taken by a player selected as the Captain of the non-offending team from the players on the floor at the time when the foul was committed. Such selection shall be reported to the Referee and cannot be changed. If by reason of injury the player designated by the Referee to take the penalty shot is unable to do so within a reasonable time, the shot may be taken by a player selected by the Captain of the non-offending team from the players on the floor when the foul was committed. g) If the foul upon which the penalty shot is based occurs during actual playing time the penalty shot shall be awarded and taken immediately in the usual manner notwithstanding any delay occasioned by a slow whistle by the Referee to permit the play to be completed which delay results in the expiration of the regular playing time in any period.

RULE THIRTY - DELAYED PENALTIES

- a) If a third player of any team shall be penalized while two players of the same team are serving penalties, the penalty time of the third player shall not commence until the penalty time of one of the two players already penalized shall have elapsed. - b) When any team shall have three players serving penalties at the same time and because of the delayed penalty rule, a substitute for the third offender is on the floor, none of the three penalized players on the penalty bench may return to the floor until play has been stopped. However, the Penalty Timekeeper shall permit the return to the floor in the order of expiration of their penalties, of a player or players by reason of the expiration of their penalties and, the penalized team is entitled to have more than four players on the floor.
- c) In the case of delayed penalties, the Referee shall instruct the Penalty Timekeeper that penalized players whose penalties have expired shall only be allowed to return to the floor when there is a stoppage of play. When the penalties of two players of the same team will expire at the same time the Captain of that team will designate to the Referee which of such players will return to the floor first, and the Referee will instruct the Penalty Timekeeper accordingly. When a major and a minor penalty are imposed at the same time on players of the same team the Penalty Timekeeper will record the minor as being the first of such penalties.

NOTE: This applies to the case where the two penalties are imposed on DIFFERENT players of the same team (see also NOTE to Rule 24).

- d) When a delayed penalty is in the process of being assessed to a team that is already shorthanded because of a previous minor or a bench minor penalty, and the non-offending team scores a goal, the original penalty is terminated which caused the offending team to be short a player and the new penalty is assessed to the offending team, which plays again shorthanded.

RULE THIRTY-ONE - CALLING OF PENALTIES

- a) Should an infraction of the rules which would call for a minor, major or match penalty be committed by a player of the side in possession of the puck, the Referee shall immediately blow a whistle and give the penalties to the deserving players. The resulting face off shall be made at the nearest face off spot to where the play stopped or at centre floor so as not to disadvantage the non offending team. The resulting face-off shall be made at one of the end zone faceoff spots of the offending team.
 - b) Should an infraction of the rules which call for a minor, major, misconduct, or match penalty be committed by a player of the team not in possession of the puck, the Referee shall signify the calling of a delayed penalty by using a raised right arm straight above the head and, on completion of the play by the team in possession or the loss of possession to the defending team, the Referee will immediately blow a whistle and assess the penalty to the offending player. . (The penalty shall be recorded by the scorekeeper.)
- NOTE: "Completion of the play by the team in possession." This rule means that the puck must have come into the

possession and control of an opposing player or has been "frozen." This does not mean a rebound off the goalkeeper, the goal cage or any accidental contact with the body or equipment of an opposing player.

NOTE: If after the Referee has signaled a penalty but before the whistle has been blown the puck shall enter the goal of the non-offending team as the direct result of the action of a player of that team, the goal shall be allowed and the penalty signaled shall be imposed in the normal manner.

NOTE: If when a team is "short-handed" by reason of one or more minor or bench minor penalties the Referee signals a further minor penalty against the "short-handed" team and a goal is scored by the non-offending side before the whistle is blown then the delayed penalty shall be served and the first of the minor penalties already being served shall automatically terminate under Rule 24 (c).

c) Should the same offending player commit other fouls on the same play either before or after the Referee has blown a whistle, the offending player shall serve such penalties consecutively. If a team has a delayed minor penalty and that team is scored upon during the delayed penalty, the penalty shall not be assessed, but it shall be so recorded and count in the offending player's penalty total. - g) When stoppage occurs between the end face-off circles and near the end of the rink the puck shall be faced-off at the end face-off spot on the side where the stoppage occurs unless otherwise expressly provided by these rules.
- h) Players must keep their sticks flat on the line for the face-off.
- i) When a goal is illegally scored as a result of the puck being deflected off the Referee directly into the net, the face-off shall be at either of the face-off spots in that zone.
- j) When the game is stopped for any reason not specifically covered in the official rules the puck must be faced-off where it was last played.
- k) The Referee is under no obligation to wait for the players to get to the face-off spot. It is the players' responsibility to get there as quickly as possible. If one team is lined up and the other team is procrastinating the Referee can start the play by dropping the puck.

NOTE: Once a team is in face-off position, the puck could be put into play within five seconds.

NOTE: If during a stoppage in play the attacking teams point players enter a gathering of players in the attacking end zone the ensuing face off shall take place at the centre face off circle. The object of this rule is to prevent gatherings and potential altercations after stoppages in play.

RULE FORTY-NINE - FALLING ON PUCK

a) A minor penalty shall be imposed on a player other than the goalkeeper who deliberately falls on or gathers a puck into the body.

NOTE: Defensemen who drop to their knees to block shots should not be penalized if the puck is shot under them or becomes lodged in their clothing or equipment but any use of the hands to make the puck unplayable should be penalized promptly.

b) A minor penalty shall be imposed on a goalkeeper who (when the goalkeeper's body is entirely outside the privileged area, or the boundaries of the goal crease area when the puck is behind the goal line) deliberately falls on or gathers the puck to the body or who holds or places the puck against the boards.

c) No defending player except the goalkeeper will be permitted to fall on the puck or hold the puck or gather the puck into the body or hands when the puck is within the goal crease.

For infringement of this rule play shall immediately be stopped and a penalty shot shall be ordered against the offending team but no other penalty shall be given.

27

Update 4/7/2010 w/change highlights

NOTE: This rule shall be interpreted so that a penalty shot will be awarded only when the puck is in the crease at the instant the play is stopped. However in cases where the puck is outside the crease Rule 49 (a) may still apply and a minor penalty may be imposed even though no penalty shot is awarded.

RULE FIFTY – FIGHTING

a) A major penalty and game misconduct shall be imposed on any player who starts fighting. Fighting is defined as the actual throwing of a punch (es) with a closed fist by a player who makes actual contact with an opponent. Pushing, shoving or grappling while on skates are punishable offenses, but do not constitute fighting under this rule.

b) A minor penalty shall be imposed on a player who having been struck shall retaliate with a blow or attempted blow. However, at the discretion of the Referee, a major or double minor penalty may be imposed if that player continues the altercation.

NOTE: The Referee is provided very wide latitude in the penalties which the referee may impose under this rule. This is done intentionally to enable the referee to differentiate between the obvious degrees of responsibility of the participants either for starting the fighting or persisting in continuing the fighting. The discretion provided should be exercised realistically.

NOTE: Referees are directed to employ every means provided by these rules to stop "brawling" and should use Rule 38 for this purpose unless the coincidental major penalty rule is involved.

c) A game misconduct penalty shall be imposed on any player involved in fighting off the playing surface or with another player who is off the playing surface.

d) A game misconduct penalty shall be imposed on any player or goalkeeper on the floor who first intervenes in an altercation then in progress.

e) Any player assessed a major penalty for fighting will be automatically suspended removed from the balance of that game and be suspended for the next game his or her team plays unless otherwise stated in the playing rules.

(f) Any player who intentionally removes their helmet to fight shall be assessed a Gross Misconduct penalty in addition to any other penalties incurred.

NOTE: If the suspended player's team draws a bye for their next game, this penalty will be carried over to the next game that the team plays.

NOTE: The penalized team will place a man in the penalty box and play short-handed for the duration of the major penalty.

(g) Any player involved in a fight wearing a ring or having their hands taped in such a manner to gain an advantage or cause injury shall be assessed an additional Match Penalty, (This could also be assessed under rule 40 or 45)

(h) Final World Championship Games:

During the final match that a team plays at the World Championship, the **instigator** of a closed-fist punch that leads to a fight on the rink, will result in **the initiator being assigned a match penalty** should this fight require the insertion of referees between the affected players in order to stop it. Under the foregoing conditions, the attacked player from the other team will also get a match penalty if he persists in retaliating after attempts for restraint or a warning by the referee. It is unrealistic to think that a person who is punched, will not attempt to retaliate in self

defense. This is noted in Rule 50(b) of the CIRILH Playing Rules. If the initiating player acts in retaliation for a foul that preceded the fight, it is the responsibility of the referee to promptly punish this occurrence, be it major or minor penalties, but otherwise does not excuse initiating a fist-fight.

(I) A match penalty for fighting which occurs in the final game for that team at the World Championships, whatever the team's final position in the standings, will automatically carry with it a suspension of the player for the balance of the World Championship and from the next world championship, following a confirming review of the circumstances by the CIRILH Committee. The national federation affected will be informed that this player is suspended from FIRS international competitions for one year for conduct detrimental to the sport of inline roller hockey.

(J) No World Championship, World Cup or Continental Championship medal will be awarded to a team member that receives a Match Penalty, regardless of how the team finishes in the competition. Organizers of such tournaments are restricted under these circumstances to assign medals only to those players who remain in good standing. To prevent later distribution, all surplus medals will be collected and retained by the organizers. If a brawl had produced this situation, (more than one simultaneous fight), the team coach and team manager will also be denied medals, should the team achieve a placement, they will also be held culpable.

RULE FIFTY-ONE - GOAL AND ASSIST

a) A goal shall be scored when the puck has been put between the goal posts by the stick of a player of the attacking side from in front, and below the cross bar and entirely across the line the width of the diameter of the goal posts drawn on the floor from one goal post to the other.

b) A goal shall be scored if the puck is put into the goal in any way by a player of the defending side. The player of the attacking side who last played the puck shall be credited with the goal but no assist shall be awarded.

c) If an attacking player kicks the puck and it is deflected into the net by any player of either team the defending side except the goalkeeper, the goal shall not be allowed. The player who kicked the puck shall be credited with the goal but no assist shall be awarded.

d) If the puck has been deflected into the goal by a shot of an attacking player by striking any part of the person or a player of the same side, a goal shall be allowed. The player who deflected the puck shall be credited with the goal. The goal shall not be allowed if the puck has been kicked, thrown or otherwise deliberately directed into the goal by any means other than a stick.

e) If a goal is scored as a result of a puck being deflected directly into the net from an official, the goal shall not be allowed.

f) Should a player legally propel a puck into the goal crease of the opponent's team and the puck should become loose and available to another player of the attacking side, a goal scored on the play shall be legal.

g) Any goal scored other than as covered by the official rules shall not be allowed. When a player charges a goalkeeper who is within the goal crease, subsequently makes physical contact with the goalie, and in the opinion of the referee thus interferes with normal defense of the goal, any goal scored before or after such contact shall be disallowed and a major penalty assessed.

h) A goal shall be credited in the scoring records to a player who shall have propelled the puck into the opponent's goal.

28

Update 4/7/2010 w/change highlights

i) When a player scores a goal, an assist shall be credited to the player who made the pass leading to the scoring of the goal

RULE FIFTY-TWO - GROSS MISCONDUCT

a) The Referee may suspend from the game and order to the dressing room for the remainder of the game any player, manager, coach or trainer guilty of gross misconduct of any kind. These acts include but are not limited to: making a travesty of the game, obscene gestures and discriminatory slur or racial remarks. Any player bring the game into disrepute shall also be assessed a gross misconduct penalty.

b) The player assessed a gross misconduct penalty shall be removed from the game and a substitute player shall take her or her place on the penalty bench to serve any unexpired penalty time. The player who is assessed the Gross misconduct shall have ten minutes recorded on the game sheet.

c) The Referee in charge is to decide on any violation and report the incident to the CIRILH Committee for further action.

d) If a player, coach or manager persists after warning from the Referee is continuing gross misconduct, that person shall be subject to suspension for a period of one year or more as determined by the CIRILH Committee.

RULE FIFTY-THREE - HANDLING PUCK WITH HANDS

(a) If a player, except the goalkeeper, closes the hand or glove intentionally on the puck, the play shall be stopped and a minor penalty shall be imposed on that player. A goalkeeper who holds the puck with the hands for longer than three seconds may be given a minor penalty, if there are no attacking players in the immediate vicinity.

(b) A goalkeeper shall not deliberately hold the puck in any manner which in the opinion of the Referee causes a stoppage of play, nor deliberately drop the puck into the goalie pads or onto the goal net, nor deliberately pile up obstacles at or near the net, that in the opinion of the Referee would tend to prevent the scoring of a goal.

NOTE: The object of the entire rule is to keep the puck moving continuously and any action taken by the goalkeeper which causes an unnecessary stoppage must be penalized without warning.

(c) The penalty for infringement of this rule by the goalkeeper shall be a minor penalty.

NOTE: In the case of a puck thrown forward by the goalkeeper being taken by an opponent, the Referee shall allow the resulting play to be completed. However, should the throw be received by a teammate, the play shall be stopped for a forward hand pass by the goaltender with a face-off resulting.

(d) A minor penalty shall be imposed on a player, except the goalkeeper who, while play is in progress, picks up the puck by hand from the floor. If a player, except the goalkeeper, uses hands to pick up the puck from the floor in the crease

area while play is in progress, the play shall be stopped immediately and a penalty shot shall be awarded to the nonoffending team.

(e) A player shall be permitted to stop or "bat" a puck in the air with an open hand, or push it along the floor by hand, and the play shall not be stopped unless in the opinion of the Referee the player has deliberately directed the puck to a teammate, in which case the play shall be stopped and the puck faced-off at the spot where the offense occurred.

NOTE: The object of this rule is to ensure continuous action and the Referee should NOT stop play unless the referee is satisfied that the directing of the puck to a teammate was in fact DELIBERATE.

The puck may not be batted with the hand directly or indirectly as into the net at any time. If the last play on the puck was with the hand and the puck is deflected into the net the goal shall not count. The exception to the rule is when the act is done by the defending team in which case the goal shall be allowed.

RULE FIFTY- FOUR - HIGH STICKS

(a) The carrying of the blade of the stick above the normal height of the shoulders is prohibited. A minor or major penalty, at the discretion of the Referee, shall be assessed any player who makes contact with or intimidates an opponent while carrying the stick blade above the shoulders of an opponent. If injury results, a major penalty plus game misconduct penalty shall be assessed. When a stick is swung above the shoulders at a puck near another player, that player shall be called for high sticking and a minor penalty assessed

(b) When a player carries or holds any part of the stick above the height of the shoulders so that injury to the face or head of an opposing player results, the Referee shall have no alternative but to impose a major penalty plus a game misconduct penalty on the offending player.

(c) A goal scored from a stick carried above the height of the cross bar of the goal cage shall not be allowed, except by a player of the defending team.

(d) Using the stick to bat the puck above the normal height of the shoulders is prohibited and when it occurs there shall be a whistle and ensuing face-off at the spot where the offense occurred unless:

- i. The defending player batted the puck to an opponent in which case the play shall continue, or
- ii. A player of the defending side batted the puck into his or her own goal in which case the goal shall be allowed.

(e) When either team is below the numerical strength of its opponent and a player of the team of greater numerical strength causes a stoppage of play by striking the puck with the stick above the height of the shoulders, the resulting face-off shall be made at one of the end face-off spots adjacent to the goal of the team causing the stoppage.

(f) If the blade of a stick is swung above shoulder height near an opponent, whether to intimidate or to attempt to injure the player, this will result in a major penalty. Injury to an opponent under such circumstances is to be both a major and a game misconduct penalty. At the beginning and ending of a slap shot, the blade may be above shoulder level.

EXCEPTION: No penalty should be assessed when the stick is shifted from one hand to the other over the head so the player can play the puck, unless it endangers another player.

NOTE: No contact on an opponent need occur to call a high sticking penalty, however an opposing player must be in the immediate vicinity to justify a penalty being called.

RULE FIFTY- FIVE – HOLDING

a) A minor or major penalty, at the discretion of the Referee shall be imposed on a player who holds an opponent with hands, legs, feet or stick or in any other way.

b) A major penalty shall be imposed if the action of holding results in injury to the player being held.

29

Update4/7/2010 w/change highlights

RULE FIFTY-SIX – HOOKING

a) A minor or major penalty, at the discretion of the Referee A minor penalty shall be imposed on a player who impedes or seeks to impede the progress of an opponent by hooking with either end of that player's hockey stick.

b) A major penalty shall be imposed on any player who injures an opponent by hooking.

NOTE: When a player is checking another in such a way that there is only stick-to-stick contact, such action is NOT either hooking or holding. That player may turn the stick down over the opponent's stick.

30

RULE FIFTY-SIX – HOOKING

a) A minor or major penalty, at the discretion of the Referee A minor penalty shall be imposed on a player who impedes or seeks to impede the progress of an opponent by hooking with either end of that player's hockey stick.

b) A major penalty shall be imposed on any player who injures an opponent by hooking.

Update4/7/2010 w/change highlights

RULE FIFTY-SEVEN – INTERFERENCE

(a) A minor penalty shall be imposed on a player who interferes with or impedes the progress of an opponent who is not in possession of the puck, or who deliberately knocks a stick out of an opponent's hand or who prevents a player who has dropped a stick from regaining possession of it or who knocks or shoots any abandoned or broken stick or illegal puck or other debris towards an opposing puck carrier in a manner that could cause that player to be distracted.

NOTE: The last player to touch the puck, other than a goalkeeper, shall be considered the player in possession. In interpreting this rule the Referee should make sure which of the players is the one creating the interference. Often it is the action and movement of the attacking player which causes the interference since the defending players are entitled to "stand their ground" or "shadow" the attacking players. Players of the side in possession shall not be

allowed to "run" deliberate interference for the puck carrier.

(b) A minor penalty plus game misconduct shall be imposed if any player on the player bench or on the penalty bench who by means of a hockey stick or parts of the body interferes with the movement of the puck or of any opponent on the floor during the progress of play.

(c) A minor penalty shall be imposed on a player who, by means of a hockey stick or body, interferes with or impedes the movements of the goalkeeper by actual physical contact, while the goalie is in the crease area unless the puck is already in that area.

(d) Unless the puck is in the goal crease area, a player of the attacking side not in possession may not stand on the goal crease line or in the goal crease or hold a stick in the goal crease area, and if the puck should enter the net while such a condition prevails, a goal shall not be allowed. The puck shall be faced off at the centre face-off spot.

(e) If a player of the attacking side has been physically interfered with by the action of any defending player so as to cause that player to be in the goal crease, and the puck should enter the net while the player so interfered with, is still within the goal crease, the goal shall be allowed.

(f) If when the goalkeeper has been removed from the floor any member of the same team not legally on the floor including the manager, coach or trainer interferes by means of body or stick or any other object with the movement of the puck or an opposing player, the Referee shall immediately award a goal to the non-offending team.

NOTE: A penalty for interference should be called in every case where an opposing player makes unnecessary contact with the player not in possession.

NOTE: The attention of Referees is directed particularly to three types of offensive interference which should be penalized:

1. When the defending team secures possession of the puck in its own end and the other players of that team run interference for the puck carrier by forming a protective screen against fore-checkers

2. When a player facing-off obstructs the player's opposite number after the face-off when the opponent is not in possession of the puck

3. When the puck carrier makes a drop pass and follows through so as to make bodily contact with an opposing player.

NOTE: All offensive or defensive players may attempt to establish positional territory in front of either goal. The incidental contact that occurs in so doing shall not be considered interference or unnecessary roughness. However, should a player from either team run at an opponent, or make a body check, it is at the discretion of the Referee, to assess a minor penalty for interference, charging or unnecessary roughness.

RULE FIFTY-EIGHT - INTERFERENCE BY SPECTATORS

a) In the event of a player being held or interfered with by a spectator, the Referee shall blow the whistle and play shall be stopped, unless the team of the player interfered with is in possession of the puck at the time, then the play shall be allowed to be completed before blowing the whistle, and the puck shall be faced-off at the spot where last played at the stoppage.

NOTE: The Referee shall report to CIRILH for possible disciplinary action, all cases in which a player becomes involved in an altercation with a spectator but no penalty should be imposed.

b) In the event that objects are thrown on the floor which interfere with the progress of the game the Referee shall blow the whistle and stop the play, and the puck shall be faced-off at the spot the play is stopped.

RULE FIFTY-NINE – CHECKING FROM BEHIND

a) A Major Penalty plus a Game Misconduct shall be assessed any player who intentionally pushes, body-checks or hits an opposing player from behind, anywhere on the skating surface.

b) Where a player is high-sticked, cross-checked, body-checked, hit or propelled in any manner from behind into the boards or goal cage in such a way that the player is unable to defend him or herself, a Match Penalty shall be assessed.

NOTE: Referees are instructed not to substitute other penalties when a player is checked from behind in any manner. This rule must be strictly enforced.

RULE SIXTY - KICKING THE PUCK

a) Kicking the puck shall be permitted in all zones, but a goal may not be scored by the kick of an attacking player, except if the puck is deflected by the puck carrier or off his team mate. If the puck is kicked and the puck deflects off the goal keeper or a defending player the goal shall not count.

31

Update4/7/2010 w/change highlights

RULE SIXTY-ONE - LEAVING THE PLAYER OR PENALTY BENCHES

a) No player may leave the player bench or penalty bench at any time to enter an altercation. Substitutions made prior to the altercation shall be permitted provided the players so substituting do not enter the altercation. shall be permitted provided the player so substituted does not enter the altercation. For a violation of this rule a double minor penalty shall be imposed on the player of the team who was the first to leave the player or penalty bench during an altercation. If players of both teams leave their respective benches at the same time, the first identifiable player from each team to do so shall incur a double minor penalty. A game misconduct penalty shall also be imposed on any player penalized under this section, plus any other penalties they may incur; Likewise no player on or near the penalty bench (not on the floor) shall participate in any fight or other altercation with any opposing player on the floor.

b) A misconduct penalty shall be imposed on each player violating the rule. The Referee shall report all such infractions to the CIRILH Committee which shall have full power to impose such further penalty as deemed fitting.

c) Except at the end of each period, or on expiration of penalty, no player may at any time leave the penalty bench.

d) A penalized player who leaves the penalty bench before the player's penalty has expired, whether play is in progress or not, but does not enter an altercation, shall incur an additional minor penalty, after serving the player's unexpired time.

e) Any penalized player leaving the penalty bench during the stoppage of play, and entering an altercation shall incur a

minor penalty plus a misconduct penalty, after serving the player's unexpired time.

f) If a player leaves the penalty bench before the player's penalty is fully served, the penalty timekeeper shall note the time and signal the Referee who will immediately stop the play.

g) In the case of a player returning to the floor before the player's time has expired through an error by the penalty timekeeper, that player is not to serve an additional penalty, but must serve the player's unexpired time.

h) If a player of an attacking side in possession of the puck shall be in such a position as to have no opposition between that player and the opposing goalkeeper, and while in such position that player shall be interfered with by a player of the opposing side who shall have illegally entered the game, the Referee shall award a penalty shot against the side to which the offending player belongs.

i) If the opposing goalkeeper has been removed and an attacking player in possession of the puck shall have no player of the defending team to pass and a stick or a part thereof is thrown by an opposing player or the player is fouled from behind thereby being prevented from having a clear shot on an open goal, a goal shall be awarded against the offending team. If when the opposing goalkeeper has been removed from the floor, a player of the side attacking the unattended goal is interfered with by a player who shall have entered the game illegally, the Referee shall immediately award a goal to the non-offending team.

j) Any non-playing coach, trainer or manager who gets on the floor after the start of the game without permission of the Referee shall automatically be suspended from the game.

k) If a penalized player returns to the floor from the penalty bench before the player's penalty has expired by the player's own error or the error of the penalty timekeeper, any goal scored by the player's own team while that player is illegally on the floor shall be disallowed, but all penalties imposed on either team shall be served as regular penalties.

l) If a player illegally enters the game from the player's own player bench, any goal scored by the player's own team while that player is illegally on the floor shall be disallowed, but all penalties imposed against either team shall be served as regular penalties.

NOTE: At the end of the game including any overtime period, the players on the player's and penalty benches shall remain there until the referees call them onto the floor.

NOTE: clause (m) is not intended to prevent a team from showing enthusiasm for a victory but to allow the officials to control any possible situation that could arise. Violation of this rule could result in a Misconduct Penalty being imposed.

RULE SIXTY-TWO – PHYSICAL ABUSE OF OFFICIALS

a) Any player who touches or holds a Referee, or any game official, with the player's hand or stick or trips or body checks any such officials, shall automatically receive a minimum of a misconduct penalty for the first offense, and a minimum game misconduct penalty for a second offense, in the same game. Depending upon the incident a match penalty may be called. The use of a substitute for the player so suspended shall be permitted.

b) Any player who holds or strikes an official shall be assessed a match penalty. and shall be suspended from the remainder of the tournament.

b) Managers, coaches and trainers shall not use obscene or profane language or gestures anywhere in the rink. For violation of this rule a bench minor penalty shall be imposed.

NOTE: It is the responsibility of all game of officials and all team officials to send a confidential report to the CIRILH Committee setting out the full details concerning the use of obscene gestures by any player, coach or other official. The CIRILH Committee shall take further disciplinary action as deemed appropriate.

RULE SIXTY-FOUR - PUCK OUT OF BOUNDS OR UNPLAYABLE

32

Update 4/7/2010 w/change highlights

a) When the puck goes outside the playing area to either end, or either side of the rink or strikes any obstacles above the playing surface other than the boards, glass or wire it shall be faced-off from where it was shot or deflected, unless otherwise expressly provided in these rules.

b) When the puck becomes lodged in the netting on the outside of either goal so as to make it unplayable, or if it is frozen between opposing players intentionally or otherwise, the Referee shall stop the play and face-off the puck at either of the adjacent face-off spots unless in the opinion of the Referee, the stoppage was caused by a player of the attacking team, in which case the resulting face-off shall be conducted at the nearest face-off spot adjacent to the goal of the offending player or center line face-off spots.

NOTE: This includes stoppage of play caused by the player of the attacking side shooting the puck onto the back of the defending team's net without any intervening action by the defending team.

The defending team and/or the attacking team may play the puck off the net at any time. However should the puck remain on the net for longer than three seconds play shall be stopped and a face-off shall take place in the end faceoff zone except when the stoppage is caused by the attacking team, then the face-off shall take place on the face-off spot at the center circle.

c) A minor penalty shall be imposed on a goalkeeper who deliberately drops the puck on the goal netting to cause a stoppage of play.

d) If the puck comes to rest on top of the boards surrounding the playing area it shall be considered to be in play and may be played legally by hand or stick.

RULE SIXTY-FIVE - PUCK MUST BE KEPT IN MOTION

- a) The puck must be kept in motion at all times.
- b) With the exception of being able to carry the puck behind its own goal one time, a team in its own defense area which is in possession of the puck shall always advance the puck toward the opposing goal, except when prevented from doing so by players of the opposing side or if that team in possession is short-handed.
For the first infraction of this rule play shall be stopped and a face-off will be taken at the spot adjacent to the goal of the team causing the stoppage and the Referee shall warn the Captain or Alternate Captain or the offending team of the reason for the face-off. For a second violation by any player of the same team in the same period a minor penalty shall be imposed on the player violating the rule.
- c) A minor penalty shall also be imposed on any player who deliberately holds the puck against the boards in any manner unless the player is being checked by an opponent.
- d) For an infringement of this rule the face-off shall be at the nearest end face-off spot adjacent to the offender's goal.

RULE SIXTY-SIX - PUCK OUT OF SIGHT AND ILLEGAL PUCK

- a) Should a scramble take place or a player accidentally falls on the puck and the puck is out of sight of the Referee, the Referee shall immediately blow the whistle and stop play. There will be a face-off at the nearest face-off spot.
- b) If at any time while play is in progress a puck other than the one legally in play shall appear on the playing surface the play shall not be stopped but shall continue with the legal puck until the play in progress is completed by change of possession. At the Referee's discretion if the legal puck is interfered in play, the Referee shall stop the play immediately.

RULE SIXTY-SEVEN - REFUSING TO START PLAY AND FORFEITURE

- a) If when both teams are on the floor one team for any reason shall refuse to play when ordered to do so by the Referee, the referee shall warn the Captain or Alternate Captain and allow the team so refusing fifteen seconds within which to begin the game or resume play. If at the end of that time the team shall still refuse to play the Referee shall impose a Bench Minor penalty to the offending team. The penalty shall be served by a player on the offending team designated by the manager or coach of that team through the Captain. Should there be a repetition of the same incident the Referee shall have no alternative but to declare the game forfeited to the non-offending team. The case shall be reported to the CIRILH Committee for further action.
- b) If a team when ordered to do so by the Referee through its manager or coach fails to go on the floor and start within five minutes, the game shall be forfeited and the case shall be reported to the CIRILH Committee for further action.
- c) A forfeiture of a game shall be declared for the following reasons:
 - 1.) At the start of a game (referee's whistle to put puck in play) a team does not have four players and a goalkeeper on the floor in full and required uniform.
 - 2.) By the team captain submitting in writing and accepted by tournament director that the team will not be able to play a particular game. In this event the opposing team does not need to suit up or make appearance at the game, but shall still be awarded the victory.
 - 3.) Due to injury or illness during the game a team cannot field (when at full strength) four players and a goal keeper to continue this game.
 - 4.) Due to penalties during the game a team cannot field the required number of players to continue the game.
- d) In the event of a forfeit then the following scoring statistics shall be awarded:
 - 1) The forfeiting team shall be awarded a loss for the game. The opposing team shall be awarded two points (a victory for the game). The score of the game shall be recorded as 1 to 0. The forfeiting team (loser), while still in round-robin play, shall be penalized a minus 2 points for that game, which must be deducted from their accumulated points total for the round robin.
 - 2) The Captain of the victorious team shall be awarded one goal. (This may not be substituted to any other player.) There shall be no assists awarded.
 - 3) The goal keeper of either team shall not be credited with either a shot, save or goal against.
- e) A team may forfeit one game during the round-robin portion of the tournament without disqualification of that team for the tournament. If the same team forfeits a second game in the same tournament, that team shall be disqualified for the remainder of all tournament games. Any single forfeiture occurring after completion of round-robin games, during

Update 4/7/2010 w/change highlights

either the medal play or the placement games, will also cause a team to be disqualified for the remainder of the tournament.

- f) In the event of the removal of a team from the tournament by forfeiture the following statistical change shall take place:

1) All statistics of the removed team and team players shall be removed from the official statistics. This is to include all team points, all goals scored, assists, saves, goals against, penalty minutes and all other pertinent statistics.

2) Any and all teams that have already played the forfeiting team must also have the statistics erased as though the game had not been played.

NOTE: The removal of all penalty minutes will not remove action taken or to be taken by the tournament director or the CIRILH committee as to penalties assessed to forfeiting team players.

NOTE: The CIRILH Committee shall issue instructions pertaining to records, etc. of a forfeited game.

RULE SIXTY-EIGHT - SLASHING

- a) A minor or major penalty at the discretion of the Referee shall be imposed on any player who impedes or seeks to impede the progress of an opponent by "slashing" with the player's stick. Any stick to body contact enacted by the pursuing player will be considered slashing.

- b) A major penalty and a game misconduct penalty shall be imposed on any player who injures an opponent by slashing.

NOTE: Referees should penalize as slashing any player who swings the player's stick at any opposing player

(whether in or out of range) without actually striking that player or where a player on the pretext of playing the puck makes a wild swing at the puck with the object of intimidating an opponent.

c) Any player who swings the player's stick at another player in the course of any altercation shall be assessed a match penalty. This is considered a deliberate attempt to injure and therefore must be dealt with according to Rule 40.

d) Any player not in possession of the puck cannot have any stick contact upon the goalkeeper or it will be considered a slashing penalty.

NOTE: The Referee shall impose the normal appropriate penalty provided in the other sections of this rule and shall in addition report promptly to the CIRILH Committee all infractions under this section.

RULE SIXTY-NINE – SPEARING AND BUTT-ENDING

a) A Double Minor Penalty shall be imposed on a player who spears or attempts to spear or butt-ends or attempts to butt-end an opponent.

NOTE: "Attempt to spear" shall include all cases where a spearing gesture is made regardless of whether bodily contact is made or not.

b) A Match Penalty shall be imposed on any player who injures an opponent by spearing or butt-ending. This should be treated as a deliberate attempt to injure under Rule 45.

NOTE: "Spearing" shall mean stabbing an opponent with the point of the stick blade while the stick is being carried with one hand or with both hands. "Butt-ending" shall mean stabbing an opponent with the butt-end of the stick while the stick is being carried with one hand or with both hands.

RULE SEVENTY - START OF GAME AND PERIODS

a) The game shall start at the time scheduled by a "face-off" in the center of the rink and shall be renewed promptly at the conclusion of each intermission in the same manner.

No delay shall be permitted by reason of any ceremony, exhibition, demonstration or presentation unless consented to reasonably in advance by the tournament director.

b) Home team shall have the choice of goal to defend at the start of the game. Where both player benches are on the same side of the rink, the home team shall start the game using the bench farthest from its starting goal. The team will not change benches for a new period.

c) During the pre-game warm-up and before the commencement of play in any period, each team shall confine its activity to its own half of the rink.
forfeited.

d) All players must be in full uniform to take the floor for warm-ups.

RULE SEVENTY-ONE - THROWING STICK

a) When any player of the defending side, including the goalkeeper, deliberately throws the player's stick or any part thereof or any other object, at the puck in the player's defending zone, the Referee shall allow the play to be completed and if a goal is not scored a penalty shot shall be awarded to the non-offending side, which shot shall be taken by the player designated by the Referee as the player fouled. If, when the opposing goalkeeper has been removed from the floor (ie. legally substituted) and the attacking player has no defending player to pass and has a chance to score on an open net, a goal shall be awarded to the attacking side.

b) A major penalty shall be imposed on any player who throws the player's stick, of any part thereof or any other object, in any area except when such an act has been penalized by the award of a penalty shot on goal.

NOTE: When a player discards the broken portion of a stick by throwing it to the side of the floor (and not over the boards) in such a way that it will not interfere with play or opposing player, no penalty will be imposed. The Referee shall report promptly to the CIRILH Committee for disciplinary action every case where a stick or any part thereof is thrown outside the playing area.

c) If a player or any non playing personnel throws a stick or any other object onto the playing surface from the players bench or penalty bench he shall be assessed a bench minor plus game misconduct penalty. If the player is not identified then a bench minor shall be assessed.

RULE SEVENTY-TWO - GAME TIME AND TIME OUTS

a) The game shall be played in two 20 minute periods with a five-minute rest permitted between each period, after which the teams shall change ends. For games where a tie is not desirable, at the conclusion of the tied match, a three (3) minute rest will be allowed, and the teams will begin a sudden death play-off. If no team has scored after ten (10) minutes, the teams will be given a three (3) minute rest, change ends and begin another ten (10) minute period. This shall continue until a winner is determined.

b) Any overtime period shall be considered a part of the game and all unexpired penalties shall remain in force

c) A time-out may be called only by a player in possession of the puck, or by the Captain or Alternate Captain when the puck has been whistled dead. Resume play by a face-off.

d) One time-out of one-minute duration for each team per half will be available. A game time out may be called by the Referee at any time during the game.

e) When there is a time-out, the teams may go to their player bench.

f) No time-outs shall be allowed during an overtime period

g) Any violations of the above rule will result in a (2) minute bench minor penalty.

RULE SEVENTY-THREE - TIED GAMES

a) If, at the end of the game, the score is tied, the game shall be called a "TIE" and each team shall be credited with one point in the standings, except for single elimination matches where ties are not desirable at the end of regular playing time, then Rule 73(b) will be used.

b) Games where a tie is not desirable (pre-quarter finals, quarter-finals, semi-finals and finals or other types of single

elimination competitions), a tie will be decided as follows: At the conclusion of the tied match, a three (3) minute rest will be allowed, and the teams will begin a sudden death play-off, with the announcement that the first team to score will be declared the winner. If no team has scored after ten (10) minutes, the teams will be given a three (3) minute rest, then change ends, and begin another ten (10) minute period. This shall continue until a winner is determined.

c) **Shoot-Out:** In determining seeds following "round robin" play, or in other appropriate circumstances determined by CIRILH or the tournament director, when additional game time is not available for sudden death overtime, a shoot-out can be used to break ties for teams having equal accumulated points. Shoot-outs will take place using four shooters from each team, with each team alternately participating, in conformity with procedures as outlined in Rule 28 for penalty shots. Team captains will use a coin toss prior to the start of the shoot-out to determine which team will initiate the alternating sequence of shots. Each goal keeper will defend that team's own goal and a common goal cage is not to be employed. The highest number of successful goals obtained from the four attempts will determine the victor in the shoot-out. If after the first round, a tie still exists, additional shots will be attempted by each team under a sudden death format, allowing each team the same total number of attempts. No player from a participating team may shoot again until all players on the active roster, excluding goal keepers, have participated.

RULE SEVENTY-FOUR – TRIPPING

a) A minor or major penalty, at the discretion of the Referee A minor penalty shall be imposed on any player who shall place the player's stick, knee, foot, arm, hand or elbow in such a manner that shall cause the player's opponent to trip or fall. A major penalty shall be imposed on a player who injures a player by tripping.

NOTE: If in the opinion of the Referee a player is unquestionably hook-checking the puck, and obtains possession of it thereby tripping the puck carrier, no penalty shall be imposed.

b) A Major penalty shall be assessed to any player who shall place the player's stick, knee, foot, arm, hand or elbow in such a manner that is shall cause the player's opponent to trip or fall and be injured.

c) When a player, in control of the puck in the attacking zone, and having no other opponent to pass than the goalkeeper, is tripped or otherwise fouled from behind preventing a reasonable scoring opportunity a penalty shot shall be awarded to the non-offending side. Nevertheless the Referee shall not stop the play until the attacking side has lost possession of the puck to the defending side.

NOTE: The intention of this rule is to restore a reasonable scoring opportunity which has been lost by reason of a foul from behind when the foul is committed in the attacking zone.

"Control of the puck" means the act of propelling the puck with the stick. If, while it is being propelled, the puck is touched by another player or the player's equipment or hits the goal or goes free, the player shall no longer be considered to be "in control of the puck."

d) If, when the opposing goalkeeper has been removed from the floor (ie legally substituted), a player in control of the puck is tripped or otherwise fouled with no opposition between that player and the opposing goal, thus preventing a reasonable scoring opportunity, the Referee shall immediately stop the play and award a goal to the attacking team.

RULE SEVENTY-FIVE - UNNECESSARY ROUGHNESS

a) A minor or major penalty, at the discretion of the Referee At the discretion of the Referee, a Minor Penalty may be imposed on any player deemed guilty of unnecessary roughness.

b) A Major Penalty shall be assessed if the action of roughing results in an injury to the player being roughed.

NOTE: It is not intended that there be no body contact between two opposing players who are actively in pursuit of the puck. The act of riding an opponent off the puck, or meeting the opponent head-on, while attempting to play the puck, shall not be considered roughness. However, this does not imply that players NOT in possession of the puck may throw their bodies into an opponent in order to achieve possession.

NOTE: Penalty for unnecessary roughness (roughing) should be called in every case when an opposing player makes unnecessary contact with the player in possession of the puck.
